

### HALE PARISH COUNCIL

# OF THE HALTON BOROUGH IN THE COUNTY OF CHESHIRE

DATED THIS TWENTIETH DAY OF JANUARY 2023
MEMBERS OF HALE VILLAGE HALL MANAGEMENT COMMITTEE
ARE HEREBY SUMMONED TO ATTEND AN ORDINARY MEETING
TO BE HELD IN HALE VILLAGE HALL, HIGH STREET,
HALE, HALTON L24 4AE
AT 7.00 PM ON THE TWENTY FOURTH DAY OF 2023
TO TRANSACT BUSINESS AS SHOWN IN THE AGENDA.

This meeting is to be held, adhering to the legislation of the Coronavirus Act 2020

#### **Note to Councillors:**

If you are unable to attend the meeting, please notify the clerk of your apologies either by e-mail clerk@haleparishcouncil.gov.uk or telephone 07803611222.

Mr. Brian Hargreaves Clerk and Responsible Financial Officer

#### **Note to Public**

Members of the public wishing to address the Council should note that they must advise the Clerk before 10am on the day of the meeting both of their wish to participate in the public forum and their topic. If residents fail to inform the clerk prior to the meeting, permission to speak at the meeting will be at the discretion of the Chairman. All participants are restricted to a maximum of three minutes. If the public wish to ask the Council questions, please note that the Council may not be able to answer the question if the Council has not considered or resolved the question on an agenda item at a prior meeting. Should this be the case, the Council will advise correspondence with the Clerk to request the item should be discussed at a future Parish Council meeting. If the question is considered outside the remit of Hale Parish Council, residents will be referred to Halton Borough Council.

#### **MEETING AGENDA**

- 1. Apologies To receive apologies
- 2. Declarations of Interest To receive declarations of interest.
- 3. Minutes To review and approve the Minutes of
  - i. the Ordinary Meetings on 28<sup>TH</sup> March 2022 and
  - the Ordinary Meeting on 28<sup>th</sup> November 2022
     as true and accurate records.
- 4. Public Participation To adjourn the meeting for a period of public participation.
- **5. Payments & Receipts** To receive and approve the list of payments and receipts made between 8<sup>TH</sup> November 2022 to 6<sup>th</sup> January 2023 as recorded in the cash book record which has been reconciled against the Bank statements to these dates, all payments having been made under Financial Regulation 6.4 as detailed below
- **6.** Hale Village Hall Management Committee Building Audit To review the report compiled by Cllr Brown and Mr Peter Platt. To discuss its findings and agree a course of action for outstanding issues..
- 7. **Health & Safety Report** (Mr Peter Platt) To review Health & Safety working documents including Accident/Incident register and to agree any courses of action.
- **8. Alarm Monitoring** To Consider 2 Quotations supplied by Current Alarm maintenance company FIS for
  - i. Monitoring Alarm
  - i. Providing Keyholder Service
- 9. **Keys** To agree an allocation of additional keys to the Village Hall Management Committee. To nominate a member of the VHMC to co-ordinate and keep records of those people currently holding keys with appropriately signed disclaimer (as per the insurance requirement) To confirm that each key holder has genuine requirement for holding keys.
- **10. Website & Media Upgrade** To arrange a date to meet with Shaun Corness about the booking system. Shaun has requested an evening meeting as he is in Manchester each day.
- 11. Floor Renovation To agree funding of a maximum of £300 for a "trial " weeks use of a floor renovation machine to improve the condition of the Village Hall floor

**12. Declaration of Acceptance of Office** – For all Village Hall Committee members to sign a Declaration of Acceptance of Office.

An example can found in ACRE's Information Sheet 5, Appendix B.

**13.** Complaints Procedure – To Consider the attached Model Complaints policy and procedure and agree for the Clerk to edit it for the use of Hale Village Hall committee.

## HALE PARISH COUNCIL

# DRAFT MINUTES OF ORDINARY MEETING OF HALE VILLAGE HALL MANAGEMENT COMMITTEE HELD AT HALE VILLAGE HALL ON MONDAY 28th MARCH 2022 AT 7.30pm

Present: Cllr Wright, Cllr Trevaskis, Cllr Spargo, Cllr Williams, Cllr Anderson

In attendance: Mr Brian Hargreaves (Proper Officer) and five members of the Public

- 1. Apologies Cllr McNamara registered her apologies for non-attendance
- 2. Declarations of Interest None were received
- **3. Minutes** The minutes of the ordinary meeting on 31<sup>st</sup> January 2022 were accepted with a minor amendment to item 10 as a true record.

Proposed by Cllr Spargo Seconded by Cllr Anderson

The Motion was approved

#### 4. Public Participation -

A member of the Public raised concerns about the build quality of certain items within the Village Hall. In particular the main Hall floor was highlighted and also the wooden cladding on the external front elevation of the building. Both items have deteriorated badly and it was felt that the quality of the materials used is of a sub-standard. The member of public asked whether there may be some recourse through a guarantee or similar. However it was explained by the Chair that due to financial constraints some materials of lower quality were used in the original build and it is as a direct result that the quality issues are being experienced. The Clerk will enquire with the contractor and report back at a future meeting. Cllr Trevaskis said that a maintenance schedule was recommended when the building was handed over but that he didn't think it had been adhered to since the Hall opened.

**5.** Payments & Receipts - The list of payments and receipts made between 12<sup>th</sup> January 2022 and 21<sup>st</sup> March 2022 as recorded in the cash book record which has been reconciled against the Bank statements to these dates, all payments having been made under Financial Regulation 6.4 as detailed were accepted as a true record.

Proposed by Cllr Trevaskis Seconded Cllr Spargo

The Motion was approved

6. Flags & Flagpole – It was resolved to ask the Clerk under his delegated authority to arrange for the replacement of the Union Flag which is badly worn and to arrange the purchase and installation of a second flagpole. It was agreed that the Union flag should fly on a permanent basis with any additional flags in support of particular events or organisations flying on the second pole as appropriate.

Proposed by Cllr Wright and Seconded Cllr Trevaskis

The Motion was approved

- 7. Village Hall Passageway It was resolved that the Clerk should arrange for the purchase of a weed membrane and wooden chippings to dress the passageway along the non-operational side of the Village Hall. Stone chippings were considered but it was felt that from an ecological point of view the less "sterile" the area is the better.
- 8. Easter Egg Hunt The Clerk advised that due to a mix up by him this item is a Parish Council item which the Wellbeing Committee generally organise. Therefore it should not be considered at this meeting. As a general observation a member of the public reminded the meeting that Easter Sunday is also the day that the annual Hale Road Race takes place within Hale Park. It was thought that there may be some safeguarding issues to consider if the Easter event should coincide with the road race

9. Social Media - It was resolved to take up an offer from the Grandson of a local resident to assist with the upkeep and administration of all of the Village Hall social media outlets. The offer is believed to be free of charge and a scope of work will be created prior to commencing work. It is hoped that the individual will work alongside the Bookings Officer to produce a more appropriate and up to date offering for new and existing users.

Proposed by Cllr Spargo and Seconded Cllr Trevaskis

#### The Motion was approved

10. Civic Service – The Clerk advised that as a Parish Council matter this Agenda item could only be discussed from a Village Hall perspective. Cllr Spargo gave a detailed account of how the Village Hall will be used and what is expected on the day of the event. It is hoped that the event can be set up on Saturday 23<sup>rd</sup> April. The number of tables required will depend upon the number of confirmed attendees (currently approx. 50) and can be confirmed closer to the event. It is hoped that the Lord Mayor will unveil the plaque which recognizes the work of contractors residents & volunteers in re-building the Village Hall

The Meeting was closed by the Chair at 8.30pm

## HALE PARISH COUNCIL

# DRAFT MINUTES OF ORDINARY MEETING OF HALE VILLAGE HALL MANAGEMENT COMMITTEE HELD AT HALE VILLAGE HALL ON MONDAY 28th NOVEMBER 2022 AT 7.30pm

Present: Cllr Spargo, Cllr Mitchell, Cllr Cleary, Cllr Brown, Cllr King, Cllr McNamara, Mr G Wright, Mr P Turton, Mrs N Thompson, Mr P Platt

In attendance: Mr Brian Hargreaves (Proper Officer) Cllr L Trevaskis, Cllr Healey and one member of the Public

- 1. Apologies There were no apologies
- 2. Declarations of Interest None were received
- 3. Minutes The minutes of the ordinary meeting on 28th March 2022 were deferred until the Village Hall meeting on 30th January 2023

#### 4. Public Participation -

The Chair allowed a member of the Public to raise concerns about the selection of the new members of Hale Village Hall management committee. He questioned the advertising and recording of applicants who were interested in the positions and was critical of the methods used to elect the new members. Although he was happy with the individuals selected for the appointments he was extremely upset that notification was protracted and drawn out. The Chair explained that the legal requirements of the Charity Commission meant that a considerable amount of work was required using a solicitor to amend the Trust Deed and that a period of 90 days for consideration was also required. Although this is not a satisfactory reason for the lack of communication it explains the reasons that matters took so long.

5. Payments & Receipts - The list of payments and receipts made between 1st April 2022 and 7th November 2022 as recorded in the cash book record which has been reconciled against the Bank statements to these dates, all payments having been made under Financial Regulation 6.4 as detailed were accepted as a true record.

Proposed by Cllr Spargo Seconded by Cllr McNamara

The Motion was approved

**6.** Accounts – To receive the reconciled bank statement & summary of receipts & payments made between 1<sup>st</sup> April 2022 and 7<sup>th</sup> November 2022 and accept them as an accurate record and comparison against budget

Proposed by Cllr Spargo and Seconded by Cllr McNamara

#### The Motion was approved

Mrs Thompson enquired about the supply of Gas to Hale Village Hall and the fact that there have been no payments recently. Mr Wright explained a long standing situation which involved him attempting to register the Gas meter and an historical mix up between the Hall's meter and a separate unit in a different residential property. The Clerk is in discussions with a supplier with a view to establishing a new Gas supply account and will contact Utility Aid to obtain an update.

7. Bookings – Some concerns were raised regarding the current system for booking the hire of Hale Village Hall. A small number of complaints were used as examples of the current system not working as well as it should be. The Clerk reminded the meeting that the Bookings Officer is a part time employee who has a second job and a small family. As a result her time is split between these commitments and she completes her duties on a flexible basis. It was agreed that she is not be expected to be available at all times but that she should be asked to commit to a number of time slots when she will be exclusively available to hirers & potential hirers of Hale Village Hall. A further expectation is that all enquiries should be responded to within 48 hrs of the initial contact.

It was also agreed that the Clerk would include an appraisal for the Bookings officer and two other staff on the next Agenda for the meeting of the Parish Council as Trustee of the Hale Village Hall charity.

**8. Keys** – It was resolved that the Clerk will arrange for the bookings officer to list the specific keys which trusted regular hirers are holding and record them. It was proposed that the use of a Key cabinet volunteered by Cllr Brown might be useful pending the agreement from Hiscox insurance who manage the Village Hall cover.

Proposed by Paul Turton seconded by Cllr Spargo

The Motion was approved

9. Health & Safety – The Clerk advised that he would encourage the Village Hall Committee to engage a number of suitably trained members to form a sub-committee/working group to audit the current health & safety requirements and to concentrate on fulfilling the legal requirements and establishing a formal system & reporting back to this committee. He asked Mr P Turton and Mr P Platt to work alongside him using their considerable experience to work at achieving the required system.

Proposed by Cllr Mitchell and seconded by Cllr King

The Motion was approved

**10. Meeting** - It was resolved to contact Shaun Corness at Budgetweb early in the new year to arrange for a meeting with Cllr Mitchell, Cllr Spargo, the Bookings Officer and the Clerk to establish a scope of work and course of action

Proposed by Cllr Mitchell and Seconded Cllr Spargo

The Motion was approved

11. Appraisals – The Clerk advised that this matter should be addressed by the Parish Council acting as Trustee and that all appraisals should be arranged by the Personnel Committee. It was agreed to defer this matter until the correct meeting

.

12. Cladding – It was agreed that a number of maintenance issues would need addressing in the near future. The front elevation of the Village Hall has woodwork which needs attention and the Clerk presented two estimates and samples of plastic/UPVC cladding which could be considered. It was agreed during discussions that sub-standard material and the lack of ongoing maintenance have contributed to the deterioration. Cllrs Brown and King advised that

work which had not been completed (regarding movement joints) at the time of handing over the building has contributed to a problem with damp in certain areas.

Mr P Platt made a friendly proposal amendment and suggested that a maintenance audit should be undertaken to establish the extent of work required. He suggested that he and Cllr Brown should undertake the audit and report back to this committee.

Proposed by Cllr Mitchell and Seconded Cllr King

#### The Motion was approved

- 13. Chairs As a capital Item an expenditure of this size was felt to be outside the remit of the Village Hall Committee and is deferred until a future meeting of the Parish Council acting as Trustee. Cllr Brown volunteered to take the broken/damaged chairs at the rear of the Village Hall to the local refuse facility.
- 14. Rear Lights & Lights for Container It was agreed that Mr P Turton would purchase two solar powered PIR lamps from Costco (@ £27.99 each) which can be installed at the rear of the Village Hall to light the rear car park. In addition Mr P Platt will purchase two battery powered PIR lights for installation inside the container at the rear of the Hall. Mr Platt feels that in the interest of safety the battery powered lighting option is preferred.
- **15. Floor (Door Damage)** This item will be reviewed following the survey as part of the proposed maintenance audit.
- **16.** Canopy at rear Doors Cllr Cleary will review the availability and cost of canopies for the rear and front entrances and report back to the Clerk.
- 17. Bollards Cllr Brown volunteered to check on the availability of 3 metal locking posts he is aware of which may be available free of charge to replace the existing wooden posts at the front of the Village Hall which are rotten and in need of replacement

The next meeting of the Hale Village Hall management committee with take place on  $30^{th}$  January 2023 at 7.30pm in Hale Village Hall

# Hale Village Hall

#### SITE AUDIT BY PETER PLATT AND JASON BROWN

Friday, 30 December 2022

Prepared For Hale Village Hall Management Committee

75 Issues Identified

Issue 1

Assignee Front Elevation

No mastic to movement joint

This should of been done by the builder potential fire risk also damp can enter the building

3 quotes needed Chase builder up first as this should of been done to sign the building off

**Issue 2**Assignee Front Elevation

Poor maintenance to cladding

3 quotes needed and also to price up materials to see if this can be done as a working group

Issue 3

Assignee Phone box
Door opening on to pavement
Earth prob is needed

Planning needs to be checked electrician needs to have a look

Issue 4

Assignee End Of Pavement Timber post missing and rotting

Jason Brown providing just waiting on 3 locks

Issue 5
Assignee Bench
Not sercured to floor

Caretaker to secure bench

**Issue 6**Assignee Gas Meter
Not in a secured water sealed

VHMC to chase up

**Issue 7**Assignee Walk Way To Side Of Hall Pipe sticking out

Caretaker to cut off

Issue 8
Assignee Container
Cleaning cert
Earth prob

VHMC to chase up

**Issue 9**Assignee Bin Store
No lock

VHMC to purchase a lock

**Issue 10**Assignee Bin Store
Needs a good clean

Caretaker

**Issue 11**Assignee Fire Exit
Trip hazard

VHMC to look at safer option

Issue 12
Assignee Fire Exit
Measure up for canopy

Jason Brown to measure up VHMC to source 3 quotes

Issue 13

Assignee Store Room
Paint and cleaning solutions should be locked up

Caretaker to sort out and VHMC to monitor

Issue 14

Assignee Store Room Door blocked

Caretaker to sort out and VHMC to monitor

Issue 15

Assignee Store Room Needs a good sort out and floor could do with painting

Caretaker to sort out and VHMC to monitor

Issue 16

Assignee Store Room
Pat test on fridge out of date

VHMC to source qualified electrician to Pat test all electrical appliance's in VH

Issue 17

Assignee Store Room Door Left open surly should be locked when hall is hired out

Door needs to be locked and monitored by VHMC

Issue 18

Assignee Main Hall Next To Store Room Wire for Christmas lights not secured or pat tested

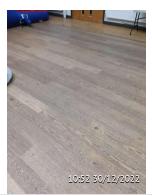

Wires will be removed by 03/01/22 This can't happen again and any appliance's need Pat testing

Issue 19

Assignee Main Hall
Wire for Christmas lights not secured or pat tested
Cable for bouncy castle not pat tested

Wires will be removed by 03/01/22 This can't happen again and any appliance's need Pat testing

Issue 20

Assignee Main Hall Flooring needs looking at

VMNC to source flooring companies to see what can be done with the floor before looking at replacing

Issue 21
Assignee Main Hall
Wire for Christmas lights not secured or pat tested

Wires will be removed by 03/01/22 This can't happen again and any appliance's need Pat testing

Issue 22
Assignee Door To Main Hall
Threshold not secured needs addressing

VMNC to source flooring companies to see what can be done with the floor before looking at replacing

**Issue 23**Assignee Main Door
Fire door wedged open

Fire doors need to kept shut at all times and not wedged open VHMC to monitor

**Issue 24**Assignee Kitchen
Fire door wedged open

Fire doors need to kept shut at all times and not wedged open VHMC to monitor

**Issue 25**Assignee Kitchen
Sink to be changed to double sink

VHMC to source 3 quotes to replace sink

**Issue 26**Assignee Staircase
Wire not secured

Wires will be removed by 03/01/23 Look at a safer way to hang them VHMC to monitor

Issue 27

Pins and scissors in first aid box kids could gain access to

VHMC to purchase new first aid box's

Issue 28

Assignee 1st Floor Landing Leads on floor trip hazard

Wires will be removed by 03/01/23 Look at a safer way to hang them VHMC to monitor

**Issue 29**Assignee 1st Floor Landing Tables not secure

Tables need moving to store room by the caretaker

Issue 30
Assignee Under Stairs
Should be in the container
Caretaker or Wellbeing committee to move

Issue 31
Assignee Kitchen
Keys should be locked up
Jason Brown to provide key locker

**Issue 32**Assignee Kitchen
Should be out or reach

Should not be on the floor clearly displays corrosive if this can't be stored safely the glass washer is the wrong one for the kitchen. Should be sold and a dishwasher purchased

**Issue 33**Assignee Kitchen
Dishwasher solutions should be locked up

Should not be on the floor clearly displays corrosive if this can't be stored safely the glass washer is the wrong one for the kitchen. Should be sold and a dishwasher purchased

Issue 34
Assignee Kitchen
Should old invoices and copies of cheques be in the boiler cupboard in the comments and observation file

**Issue 35**Assignee Same As Issue 34

**Issue 36**Assignee Kitchen
Copies of pat certificate to 15/12/22 now out of date

Issue 37
Assignee Kitchen
First aid box needs replacing empty

VHMC to purchase new first aid box's

**Issue 38**Assignee Kitchen
Sink cracked

Jason Brown will try and source a new one and then will need to be fitted the same time as the sink

**Issue 39**Assignee Corridor To Toilets
Wire not really secure

Wires will be removed by 03/01/23 Look at a safer way to hang them VHMC to monitor

Issue 40
Assignee Toilets
Plugs need to be changed

3 quotes needed possibly could be fitted the same time as the sink in the kitchen

Issue 41
Assignee Disabled Toilet
Is the overflow missing or is it internal
No mirror in here needs one

Ask the plumber who fits the kitchen sink to take a look

Issue 42
Assignee Disabled Toilet
When was last checked and how often
Brian or the caretaker should be able to answer this one

Issue 43
Assignee Disabled
Who empties this bin
Brian or the caretaker should be able to answer this one

Issue 44
Assignee Loft
Is the water tank up here?
Has the water been checked and when?

Will need access to the loft so will need keys. Brian or the caretaker should be able to answer about water testing

Issue 45

Assignee Fire Alarm

No test report to be found

Proof of this needs to be shown to VHMC ASAP Is the panel connected to the fire station or a monitoring station Brian should be able to answer this

Issue 46

Assignee Understais
Should be in container potential fire hazard
Caretaker to remove ASAP
VHMC to monitor

Issue 47

Assignee Lobby
Remote for velux window's flat

Is this really the best place for it?

Issue 48

Assignee Downstairs Lift Lift lock How is lift used? Nothing on show

Are there any safety certificates for the lift? how often does it need checking? when was it last checked?
Brian should be able to answer this.

Issue 49

Assignee Front Door

Gap in front door should have a 10 year warranty on them

VHMC to chase up the builder on this

Issue 50

Assignee Lobby

Should there be a health and safety at work poster up?

I have checked up today and if you employ anyone this is needed and should be visible

Issue 51

Assignee Lobby

Fire action obstructed

The tree will be removed by 03/01/23 but shouldn't happen

Issue 52

Assignee Front Door

Measure up for a canopy

Jason Brown to measure up VHMC to source 3 quotes

**Issue 53**Assignee Outside Front Door
Police notice board out of date

VHMC to chase up.
If the police don't want to update it can it be removed?

Issue 54

Assignee Outside Front Door Lock box to be removed

Caretaker

Issue 55

Assignee Outside Trip hazard on flags

Caretaker

Issue 56

Assignee Telephone Box

Plastic ducting smashed and see the cable security bolts been replaced with wood screws

Electrician needs to have a look

**Issue 57**Assignee Outside
Fence needs painting

Caretaker

Issue 58

Assignee Outside

Notice board needs tidying up and new fire assembly point sign

Caretaker

Issue 59
Assignee Pathway
Outside tap could do with a lock on

Issue 60
Assignee Side Elevation
Grids full of leaves need cleaning

Caretaker / Gardener

Issue 60

Assignee Pathway

No mastic to movement joint

This should of been done by the builder potential fire risk also damp can enter the building

3 quotes needed Chase builder up first as this should of been done to sign the building off

Issue 61
Assignee Pathway
All timber needs painting

Caretaker or possible working group

**Issue 62**Assignee Rear Of The Hall
All timber needs painting

Caretaker or possible working group

Issue 63

Assignee Pathway

Needs a good clean up and possibly take old fence posts out

Caretaker / Gardener

Issue 64
Assignee Car park
Good clean up needed

Caretaker / Gardener

Issue 65
Assignee Side Elevation
Dead plants need removing

Caretaker / Gardener

Issue 66
Assignee Main Entrance
Dead plants need removing

Caretaker / Gardener

**Issue 67**Assignee Side Elevation
Timber needs painting

Caretaker or possible working group

Issue 68

Assignee Side Elevation

No mastic to movement joint

This should of been done by the builder potential fire risk also damp can enter the building

3 quotes needed Chase builder up first as this should of been done to sign the building off

Issue 69

Assignee Coffee Area

No mastic to movement joint has caused damp inside the building

3 quotes needed Chase builder up first as this should of been done to sign the building off

Issue 70

Assignee Main Entrance Good clean up needed

Caretaker / Gardener

Issue 71

Assignee Main Entrance
Sign needed asking children not to climb on the cannon

VHMC to purchase

Issue 72

Assignee Outside Of Coffee Shop Area
Timber to the side of door needs replacing

Possible working group to do the work, VHMC to purchase materials or 3 quotes

#### Issue 73

Assignee Phonebox
Paintwork needs addressing as starting to rust

Caretaker

#### Issue 74

Assignee Pavement Area
Sign for the village hall needs fixing as one of the straps have snapped

VHMC or HPC to report to Halton council

## **Hale Village Hall Incident Report Forms**

Incident 001 Description	Shard of glass may have caused injury.
Date/Time	25 <sup>th</sup> November 2022 15.15hrs
Location	Hale Village Hall path leading to the rear car park.
Details	A shard of glass measuring approx. 100m x 20mm was found on the path leading from the front of the hall to the rear car park.  The glass could had resulted in an injury if contact was made by a pedestrian or companion animal.
Immediate Action	The shard of glass was removed from the path and placed into a recyclable waste bin.
Further Action	This may be defined as a housekeeping incident. Include external housekeeping requirements on the Caretakers daily schedule.
Status	Complete

Incident 002 Description	Failure to carry out week Fire Alarm testing
Date/Time	28 <sup>th</sup> November 2022 21.40hrs
Location	Hale Village Hall
Details	Confirmation during the closure of a Village Hall Management meeting that the weekly testing of the fire alarm had lapsed.  Testing of the alarm weekly is in accordance with Regulatory Reform (fire safety) Order legislation.
Immediate Action	Reinstate the weekly fire alarm testing.
Further Action	Training to be given to the halls Caretaker to undertake and record the testing on a weekly basis. Completion date 11 <sup>th</sup> December 2022.
Status	Complete

## **Hale Village Hall Incident Report Forms**

Incident 003 Description	Accident investigation not concluded.	
Date/Time	05 <sup>th</sup> December 2022 20.35hrs	
Location	Hale Village Hall	
Details  Immediate Action	Details of an accident dated 7th March 2022 was found in the incident log binder written by a hall user. An injured party (IP) had a head injury and was taken to hospital. No details of an accident investigation were evident.  Locate and make visually available, an Accident book.	
Further Action	Awareness to all employees to review the accident book daily. Report all accidents to the halls Responsible Person (RP). Training/awareness of what accidents should be RIDDOR reportable. Accidents to be investigated by the RP.	
Status	Open.	

Incident 004	Housekeeping, general waste that had not been removed for several		
Description	days.		
Date/Time	6 <sup>th</sup> December 2022 08.10hrs		
Location	Hale Village Hall external bench.		
Details	General waste consisting of two plastic half-filled water bottles were found on the public bench located on the front patio of the hall. The bottles remained uncollected for four days.		
Immediate Action	None administered. Both bottles were removed and binned by a member of the management team on 09th December 2022.		
Further Action	Ref incident 001. This may be defined as a housekeeping incident. Include external housekeeping requirements on the Caretakers daily schedule.		
Status	Complete		

## **Hale Village Hall Incident Report Forms**

Incident 005 Description	Slip resulting in a shoulder injury to the Injured Party (IP).		
Date/Time	9 <sup>th</sup> December 2022 Late Afternoon		
Location	High Street Hale Village		
Details	IP slipped when alighting from the car. The pavement/road would have been frozen due to severe cold weather.		
Immediate Action	The IP was brought back to the hall for first aid treatment.		
Further Action	None. Consideration must be taken the event occurred off the Village Hall premises.		
Status	Closed		

Incident 006

## **Hale Village Hall Report Forms**

Incident 006	Housekeeping		
Description	Potential breach of hire Terms and Conditions.		
Date/Time	18 <sup>th</sup> December 2022 10.10hrs		
Location	Hale Village Hall		
Details	A comment from a member of the VH management committee included the hall had been left in a unsatisfactory state following a party from the previous evening.  An observation was made the day following the event of cleaning activity within the hall resulting in five full waste bins awaiting collection.		
Immediate Action	bins awaiting collection.  The Committee member was asked if he had raised an incident but responded in a statement that the matter did not require any further attention from this same		
Further Action	Investigation should define if there was a breach of the hall hire T&C's in particular cleaning and waste disposal by the client. The event closed at 23.00hrs.  The clerk is to establish if a cleaning charge was included at the time of booking.  A cleaning charge incorporated at the time of booking would have implemented a cleaning programme by hall employees.  The booking clerk should provide details of the scope of the hirers requests at the time of accepting the booking.		
Status	Open		

Incident 007	Fire Hazard.		
Description	Storage of plastic chairs stacked under the internal		
	stairwell of the hall.		
Date/Time	30 <sup>th</sup> December 2022 09.20hrs		
Location	Hale Village Hall Foyer		
Details	A number of plastic garden chairs in addition to other		
	combustible items are being stored out of compliance to		
	that of a recent Fire Risk audit. Items observed have been		
	stored in this location for 19 days.		
Immediate	Fire Risk Assessment controls should be always followed.		
Action	Control measures should be communicated and trained		
	out to all staff members by the hall manager.		
	A member of staff should be detailed to clear the area.		
<b>Further Action</b>	Findings as part of a Fire Risk Assessment was conducted		
	by a third-party service provider on 4 <sup>th</sup> November		
	2022.The findings recorded materials/equipment being		
	kept/stored beneath the stairwell. It was the assessor's		
	advice to remove these. The hall manager was present		
	during the time of the audit identified in the report as the		
	halls management of fire safety.		
	No fire training records are held.		
Status	Open		

Incident 008	Fire Hazard.		
Description	Canister of Liquid Fuel brought into the main hall by the		
	Client in preparation of a kiddie's party.		
Date/Time	30 <sup>th</sup> December 2022 11.10hrs		
Location	Hale Village Hall Main Hall		
Details	In preparation of a kiddie's party several canisters of		
	Liquid Fuel were observed for use to heat food prepared		
	hot plates. Hot plates were on a cloth covered table.		
Immediate	None.		
Action	This observation formed part of an audit inspection.		
<b>Further Action</b>	The halls hire Terms and Conditions stipulate no naked		
	flames unless by prior agreement.		
	No employee was in the hall during party preparation.		
	A review of the booking requirement is needed to		
	confirm if the canisters were permitted. The process of		
	booking should be amended to include the presence of		
	an employee for party preparations.		
	Employee Performance Appraisal is required.		
	The line manager is the Responsible Person and should		
	always provide governance.		
Status	Open		

## **Investigation Report 006**

#### Peter Platt 20th December 2022

#### **Executive Summary:**

This investigation is to confirm the validity of the booking process of hall hire, from the time of excepting the Clients booking through to the mitigation of cleaning, in accordance with the hall hire Terms and Conditions.

For this investigation, relevant subsections only, appropriate of the hall hire Terms and Conditions have been reviewed.

Terms and Conditions of hall hire comprise of a comprehensive nine-page document.

There are three part time employees reporting to the halls line manager.

\*For information only: Quality management investigations provide governance that a service consistently functions well.

#### **Findings:**

There is no documentation or online availability of specific hall Policies and Procedures of which the Client is expected to have an understanding as detailed in the Terms and Conditions.

#### **Corrective Actions:**

Provide and make ease of access approved Policies and Procedures specific to the hall. Identify the responsible trained member of staff and deputy to provide verbal governance to the Client of the Policies and Procedures while in attendance at the hall.

Review the Terms and Conditions document.

For information only: Specific documented Policies and Procedures are critical components of an effective and compliant management system.

#### **Further Observations:**

The client is required to sign a declaration as part of the booking process to confirm understanding of the T&Cs. Some subsections of the T&Cs are invalid and are no longer compliant. This may compromise the validity of the T&Cs as a contractual document.

For information only: Terms and Conditions is a document of which the client is agreeing to, making the T&Cs a legally binding contract between the Service Provider and the Client.

The hall hourly hire rate does not correlate with the cost of the hall day rate and requires reviewing.

#### **Investigation Addendum:**

There was a contradiction of the condition of the hall post hire, described as "in an unsatisfactory state" by the observer. A concluding comment stated that no further attention was required from the observer which resulted in a conflict of interest and raises concern regarding quality management governance of the hall.

\*See Executive Summary.

Incident 010	Breach of Fire Order	
Description	Fire doors observed being wedged open.	
Date/Time	17 <sup>th</sup> February 2023 17.30hrs	
Location	Hale Village Hall Internal entrance into Main Hall	
Details	Observation of the Fire Doors wedged open.	
	Hall was closed, no occupancy present.	
Immediate	Informed hall chair and clerk via email with immediate	
Action	effect.	
	It was evident that the hall had been used mid afternoon	
	to prepare for a function that same evening.	
<b>Further Action</b>	Response from the halls H&S Responsible Person that the	
	hirer will be made aware of this observation, suggesting	
	the hall had been unoccupied for 1 hour.	
	The observation of wedged open Fire Doors is a repeat	
	occurrence.	
	A root cause investigation by the RP should result in	
	implementing appropriate control measures to ensure a	
	further similar event is not repeated.	
	Communication of such controls should be	
	communicated to the VHMC and monitored for	
	effectiveness.	
Status	Open	

## **Hale Village Hall Incident Reporting**

Hale Village Hall Management Committee have, in conjunction with the hall hire Terms and Conditions, require all Incidents and accidents to be reported. The reporting of incidents is the responsibility of the Hirer Responsible Person, Employees, and the halls Management Committee.

Incident reporting forms part of a process of capturing, recording, and managing occurrences such as property damage, unsafe conditions, unsafe practices, housekeeping, near misses or hazards.

Incident: any unexpected event or observation that does not result in serious loss or injury

**Accident:** any unexpected event that causes damage, injury, or harm. (please enter all accidents in the Accident Report book provided.)

The process of Incident Reporting involves completing an Incident Report form when an occurrence has been observed or has taken place.

This Incident logbook will be reviewed **daily** by Village Hall employees and as far as reasonably practicable the incident will be mitigated to a safe condition with immediate effect.

Details of all incidents will be communicated to the halls Responsible Person daily who in turn will implement a long-term corrective action to prevent the incident from escalating or from happening again.

Long term corrective actions might involve implementing additional risk management, awareness, and training to assist employees to understand the causal factors of what happened in order to prevent a repeat occurrence.

This incident reporting process will be used to create a data base or spreadsheet (Corrective Action Responses) to store reports and corrective actions which, in turn will be used to identify patterns of underlying issues and potential risks within the hall.

Observation	Corrective Action	Res Person	Target Date	Status
EICR overdue	Complete EICR	Brian Hargreaves	15th December 2022	COMPLETED
Failure to carryout weekly fire alarm test	Reinstate weekly test	Brian Hargreaves	11th December 2022	COMPLETED

#### FOR & BEHALF OF FIS INTEGRATED SOLUTIONS

Name(print)

Company	/D	ate
---------	----	-----

#### GENERAL TERMS AND CONDITIONS

Between the customer & FIS Integrated Solutions Ltd herein known as FIS

Interpretation
"Contract Period" means from the commissioning or operative date or service start date for a period of 5 yrs

"Contract renewal period" means from the date the original contract period ended & for a further 12 months.

"Charges" means all and any of the charges as originally agreed inclusive of annual increases.

"Initial Period" means from the commissioning or operative date or service start date for a period of 5 yrs

"Operative Date" means the date on which the services described in the Schedule are first

Commissioned or made operative;

"Premises" means the premises of the Customer at which the System is installed or services provided:

"Services" means the services (if any) described in the Schedule and includes inspection, whether

- Services Triesans the services (it any) described in the schedule and includes inspection, whenler or not repairs are necessary, "System" includes all and any equipment installed or maintained by FIS under this agreement. NOTE: Charging or billing period shown on your invoice may not reflect the contract period.

  System and Services
  FIS will sell and the Customer will purchase the System/services subject to these terms and conditions. FIS will install the System and/or provide to the Customer the Services described in the Schedule for the Contract Period and thereafter until this agreement is terminated in accordance with condition 7(a).

#### 3. Charges

- The Charges are exclusive of value added tax.

  FIS may in respect of the second and subsequent years of this agreement vary the Annual Service Charge with effect from an anniversary of the Operative Date to cover any increase in the costs of providing the Services.
- In addition to the Charges the Customer shall be responsible for payment of the following: (c)
  - (i) installation and rental charges for connection facilities between the System and FIS's central

  - (ii) false alarm assessments, taxes, fees or charges imposed by any government, police or other agency in respect of the installation or operation of the System or the provision of the Services: (III) any increase in or additional charges to FIS for the provision or modification of telephone and other facilities required for the transmission of signals or imposed by any fire or police authority, local authority, telecommunications agency or other third party.

    Any such additional payments shall be made to the relevant supplier or agency or to FIS if billed
- (d)
- Any such additional payments shall be made to the relevant supplier or agency or to FIS it billed by that supplier or agency to FIS Additional charges at FIS's then applicable rates for labour and materials shall be payable by the Customer to FIS for Services provided in the following circumstances:

  where the Schedule states that a charge will be made for the relevant Services and for all Services relating to window foil, any exterior mounted devices or PROM (Programmable Read
  - Only Memory):
    where Services are provided outside the normal working hours referred to in condition 5(c):
  - where alterations to the System are made at the Customer's request or are made necessary by changes to the Premises:

  - by changes to the Premises:

    (iv) where the Customer has failed to comply with its obligations under condition 5(a):

    (v) where the Customer has failed properly to follow operating instructions or to close or secure a window, door or other protected point, improperly adjusted CCTV or other equipment or components or has otherwise improperly used or tampered with the System:

    (vi) where a false alarm has been caused or an unnecessary service call requested by the Customer, or where inspection, repairs or replacement & airs rendered necessary by an act or default of the Customer or its employees, clients, agents or licensees, or of trespassers on the Premises, or any breach by the Customer of the terms of this agreement:

    (vii) where the Customer has requested an inspection under the warranty in condition I and, on inspection, it is apparent that the warranty is inapplicable for any reason or by FIS under condition 7(c), the Customer shall pay to FIS all Charges and other payments due and unpaid to the end of the initial period.

Payment
All Charges are due and payable in immediately available funds on receipt of invoice. Time of payment is of the essence. On failing to make full and prompt payment the Customer shall (without prejudice to any other rights of FIS become liable to pay to FIS daily interest on the amount due the maximum current regulations allow per annum above the base rate calculated from the date of due payment until the date of actual payment.

#### 5. Services

- - The Customer is solely responsible for the following:"
    (i) the provision and maintenance of dedicated and clean 240V AC power supply located with the control and any secondary control equipment, the mains supply to all parts of the System to be fed from the same phase;
  - the operation of bypass or switch units provided for the disconnection and reconnection of (ii) alarm sounding and/or transmission equipment at the Premises:
  - where CCTV equipment is provided, the provision of a 240VAC power supply where required, shelf or desk space for monitors and adequate illumination under all operational conditions for the proper operation of such equipment:
  - where the System is connected to any equipment or device not provided by FIS the provision of all relays or other facilities required for the connection

- of all relays or other facilities required for the connection. The Customer shall provide to FIS and any relevant police or fire authority full details of all keyholders and shall notify any changes to those details in writing before or immediately after those changes take effect.

  Except as provided in the Schedule, Services will be provided by FIS during its normal working hours (9.00am to 5.30pm Monday to Friday except public holidays). The Customer shall ensure that FIS has full and free access to the equipment for the purpose of providing the Services. Where any Services to be provided by FIS require approval by any fire or police authority, the provision by FIS of those Services is conditional on the Customer being approved by the relevant authority, entering into any agreement required by that authority and complying with the requirements of that authority in force from time to time. Where the Services include inspection of the System, the Customer shall contact FIS to arrange a mutually convenient time for each inspection to take place and shall ensure that FIS has access to the Premises for this purpose (d)

- Property

  Any equipment installed remains the property of FIS notwithstanding its delivery and installation until the purchase and installation Charge has been paid in full. Pending the passing of property, the Customer shall be the bailee of the System for FIS and shall not dispose of, charge or encumber the System. If the Customer fails to make any payment under this agreement when due, FIS may (without prejudice to any other rights it may have) repossess the System without notice and without any obligation to make good the Premises.

  Telecoms or other rented equipment remains the property of FIS and is to be returned upon termination. This includes any monitoring equipment located at the premises i.e BT RedCare STUs

- rmination

  This agreement may be terminated by either party at the end of the Initial Period or on any subsequent anniversary of the initial period by not less than 90 days written notice expiring on the relevant anniversary. Should the required notice not be received then the contract will renew for a further 12 Months and the relevant notice period will again apply.

  Should the customer wish to give notice of cancelation prior to the end of the initial period or indicated the services are no longer required, then full payment to the contract end becomes due within 7 days. This agreement may be terminated by FIS in any of the following circumstances:

  (i) If FIS s central station or the System is destroyed or so substantially damaged that it is impracticable to continue to provide the Septices; or
- (b)
- (c) impracticable to continue to provide the Services; or

- ii) if FIS is unable either to secure or to retain the telecommunications facilities necessary for the transmission of alarm signals between any of the Premises, FIS's central station and any fire Police or other agency.

  If this agreement is terminated under this paragraph, FIS will refund to the Customer the relevant

- If this agreement is terminated under this paragraph, FIS will refund to the Customer the relevar proportion of any Charges paid in advance but shall have no other liability to the Customer. This agreement may also be terminated by FIS for the following reasons if the Customer fails to pay any Charges in accordance with condition 4 or otherwise breaches this agreement and the breach, if remediable and previously notified to FIS is not remedied within seven days or if the Customer becomes insolvent or enters into any kind of composition, scheme of arrangement or compromise for the benefit of its creditors or permits or suffers any process of execution or distress to be levied on the Premises or (if an individual) dies or becomes bankrupt or is the subject of a receiving order or administration order or (if a company) has an order made or passes a resolution for winding up or is dissolved or has an administrative or other receiver of any of its assets or an administration order made against it or
- order made against it: or

  (iII) if the Customer fails to follow any recommendations made by FIS for the repair or
  replacement of defective or obsolete parts of the System or for repairs to the Premises which
  FIS considers necessary for the stable operation of, or to prevent unnecessary damage to the
- System: or if the Customer's failure properly to follow operating instructions results in an undue number of
- false alarms: or
  false alarms: or
  (v) if the Premises are altered in such a way that it is impracticable to continue to provide the
  Services.
  (vi) If the customer acts in such a way that may be deemed as damaging to our company.

- 8.Warranty
  (a) FIS warrants that, subject to paragraph (b), if any part of the System (including wiring) is defective as to material or workmanship, FIS will make good the defect without charge by repair or (at FIS's discretion) replacement, provided that the defect is notified to FIS as soon as the Customer becomes aware of the defect and in any event within one year (or, in the case of CCTV cameras and monitor tubes, 90 days) of the Operative Date.

  (b) The warranty in paragraph (a) does not apply to defects caused wholly or partly by any of the following:
- - accident, act of God, wilful default, improper use of the System or failure by the Customer

  - accident, act or God, wilful default, improper use of the System or failure by the Customer properly to follow operating instructions: misalignment of CCTV cameras, improper adjustment of monitor brightness and contrast tuning dials or failure by the Customer to comply with its obligations under condition 5(a). the failure of consumable items with a finitel life linked to usage including (without limitation) infra red, halogen and other lamps, batteries, video recording heads and (except as regards any defect notified to FIS within 90 days of the Operative Date) CCTV cameras and monitor tubes:
- (iv) misalignment or tampering with computer monitors, keyboards or micro-processors or the use
- (iv) misalignment or tampening with computer monitors, keyboards or micro-processors or the use of unauthorised disks or software.
  The Customer acknowledges that no warranty is given by FIS that the System or the Services will prevent any occurrence which they are designed to detect, and that FIS shall not be liable for any loss or damage consequential on any such occurrence. The Charges are based solely on the value of the Services and are unrelated to the value of property located at the Premises. Insurance, if any, shall be obtained by the Customer.
- The Customer further acknowledges that the System may not be compatible with, other receiving
- coupling the control of the control Charges
- Subject to paragraph (e):
  - FIS accepts no liability for delays in installation of the System or for delays or interruptions in the provision of Services and may terminate or suspend services for any period without liability for any resulting loss if provision of the Services is in any way adversely affected by any act or default on the pall of the Customer of any third party, or any Act of God, war, civil commotion, strike, industrial action, fire or flood, or any other cause which FIS could not reasonably have been expected to prevent:
- \*\*\*\*\*\* FIS's liability for any defective equipment shall be limited to the terms of the warranty in paragraph (a): and
  - (iii) the liability of FIS and its employees and agents for any loss. injury or damage of any nature relating to the System and the Services, whether direct or consequential, and whether a rising in contract, toil, negli

Indemnity by the Customer
Subject to and without limiting condition 8. the Customer shall be solely responsible for and shall keep FIS indemnified against all liabilities. claims and expenses incurred by FIS in relation to the use of the System by the Customer or any other person other than in strict accordance with operating instructions provided by FIS

Assignment FIS may freely and successively assign this agreement or any rights under it and may perform any of its obligations through nominated sub-contractors. The Customer shall not assign this agreement or any rights under it without the prior written consent of a director of FIS

#### 11. General

- This agreement, which incorporates these terms and conditions and the Schedule. constitutes the whole agreement between the Customer and FIS and overrides any other representations, terms and conditions in any document, advertisement or other communications used by the Customer in concluding the contract with FIS

  No purported alteration to these printed terms and conditions is effective unless initialled by a director of FIS

- director of FIS
  FIS's rights shall not be prejudiced or restricted by any concession, indulgence or forbearance extended to the Customer and no waiver by FIS in respect of any breach shall operate as a waiver in respect of any other or subsequent broach.

  The complete or partial invalidity or unenforceability of any provision of these terms and conditions for any purpose shall in no way affect the validity or enforceability of that provision for any other purpose or the remaining provisions. Any such provision shall be deemed to be severed for that purpose subject to such consequential modification as may be necessary for the purpose of that severance.
- FIS may make any reasonable variation to these terms and conditions on giving notice to the
- Customer.

  If the Customer is a partnership or consists of more than one individual, the obligations of the Customer under this agreement are joint and several.
- The headings used in these terms and conditions are for convenience only and do not affect its construction. (g)
- (h) This agreement is governed by English law.

Tel: 0151 521 4543 Email: info@fissolutions.co.uk www.fissolutions.co.uk

**Security solutions Maintenance Services** 

## 1: SERVICE PROVIDED

#### **OVERVIEW**

Our Key Holding & Emergency First Response Service ensures that at vulnerable times such as nights, weekends and holiday periods, should the Police or Fire Brigade require emergency access to your premises, they can guarantee to contact someone quickly to respond and rectify any problems that are encountered. All FIS employees are vetted to British Standards BS 7858 (security screening for personnel employed in a security environment).

As we know Police resources are being stretched daily and their attendance at a premises depends greatly on operational commitments. There is the strong possibility that if your premises appeared in order they would not await the arrival of the key holder, therefore he or she would have the unpleasant duty of entering the premises alone.

Should damage occur to your windows or doors we will arrange for a glazier or locksmith to attend who has previously been vetted by ourselves to rectify the damage, if necessary our officer remains at your premises until the building can be secured (unless you instruct us otherwise). Upon every visit to your premises a report is left for your records and insurance purposes.

## Benefits

- We reduce the need for many key holders.
- Guaranteed response to a problem.
- Any damage rectified, building left secure.
- If Police have withdrawn cover due to excessive false alarms you can be sure that the problem is still being attended to.
- Ensures that key personnel concentrate on their main tasks.
- Removes the risk of injury to your own staff when attending a call out.
- This agreement is subject to our standard terms & conditions.

**Quotation Number: CC10655** 

## 2: FIS COMPANY PROFILE

The aim of FIS Integrated Solutions is to provide a comprehensive and highly experienced approach to expert installation, maintenance, advice, consultation and assistance across a diverse range of client needs covering virtually all sectors of the security, electrical and building industry with QUALITY being the key issue. As well as providing new solutions, we also provide a range of service agreements, from fully comprehensive to a more tailored solution to suit your budget.

FIS Integrated solutions is well established & highly respected provider in the field of Fire, Security & maintenance solutions, With a wealth of experience & product Knowledge in leading brands, coupled with a dedicated professional Installation & support team, FIS Integrated Solutions is ideally placed to provide the customer with the optimum reliable service.

Dealing with some of the region's most highly respected security, electrical & building consultants covering the whole of Northern England & Wales, we provide technical advice, design, installation and certification in all aspects of security, offering on-going planed and reactive maintenance visits.

We define QUALITY as not only supplying reliable equipment and efficient service, but also matching our systems and services to our customers' needs

With FIS Integrated Solutions our customers and their needs are our first and foremost concern.

We can provide advice, installation & maintenance of new and existing services in;

- INTRUDER ALARMS & REDCARE MONITORING
- IP HIGH DEFINITION INTELLIGENT CCTV
- BIOMETRIC DOOR ACCESS CONTROL
- FIRE AND EMERGENCY LIGHT SYSTEMS
- EMERGENCY LIGHTING
- FIRE EXTINGUISHER INSTALL & TRAINING
- PRIVATE INVESTIGATIVE SERVICES
- MOBILE PATROLS & KEYHOLDING
- SMOKECLOAK & SMARTWATER APPROVED INSTALLER
- FENCES GATES & BARRIERS
- REACTIVE & PLANNED MAINTENANCE

We call upon our expertise in these fields when providing you with solutions and sincerely hope that after reading through this brief profile you will consider allowing FIS Integrated Solutions to handle your Alarm, Fire & Security, requirements.

#### **INSURANCE:**

FIS carry £10m in Public Liability insurance including efficacy & key loss cover in addition we also carry £5m of Employers liability insurance.

## 3: WHAT WE CAN OFFER

#### Intruder/Fire Alarm Maintenance & Monitoring

Our intruder & Fire contracts are for 24/7 engineer attendance usually within 20 minutes of the call being made. FIS will constantly monitor your line and connection and will immediately alert you if connection is lost. We will visit your premises on two occasions within 12 months to carry out preventative maintenance checks on your system and make appropriate recommendations about system management to help extend its life and reduce the possibility of system malfunctions.

Our charges cover all the planned visits due each year but do not normally include the cost of emergency visits and parts replaced outside the warranty period unless specifically contracted by us. Please see our dedicated "what constitutes a maintenance visit" info sheet for further details.

#### CCTV/Access Control/ Emergency Lighting Maintenance & Monitoring

Our contracts cover for 24/7 engineer attendance usually within 20 minutes of the call being made, if this includes remote monitoring of your system and your line is also monitored by us then we will alert you if connection is lost. We will visit your premises on one occasion within 12 months to carry out preventative maintenance checks on your system and make appropriate recommendations about system management to help extend its life and reduce the possibility of system malfunctions.

This charge covers one planned visits due each year but does not normally include the cost of emergency visits and parts replaced outside the warranty period unless specifically contracted by us. Please see our dedicated "what constitutes a maintenance visit" info sheet for further details.

#### **Key holding & Response**

Our Key Holding & Emergency First Response Service ensures that at vulnerable times such as nights, weekends and holiday periods, should the Police or Fire Brigade require emergency access to your premises, they can guarantee to contact someone quickly to respond and rectify any problems that are encountered. All FIS employees are vetted to British Standards BS 7858 (security screening for personnel employed in a security environment).

As we know Police resources are being stretched daily and their attendance at a premises depends greatly on operational commitments. There is the strong possibility that if your premises appeared in order they would not await the arrival of the key holder, therefore he or she would have the unpleasant duty of entering the premises alone.

Should damage occur to your windows or doors we will arrange for a glazier or locksmith to attend who has previously been vetted by ourselves to rectify the damage. Our officer remains at your premises until they can be secured. A report is left for your records and insurance purposes.

### 4: MAINTENANCE

#### **Maintenance Agreements**

To ensure that your security systems deliver optimum performance and longevity, they should be regularly maintained under a maintenance agreement. We are often asked by customers for information on FIS Integrated Solutions service agreements and method of charging. These are some of the most frequent questions.

#### What are the benefits of taking out a Maintenance Agreement?

Your system has been manufactured and installed to the highest standards, and is designed so that simple periodic checks will ensure a long and trouble free life.

As with all types of electro-mechanical equipment, regular servicing is necessary to ensure continuous, trouble-free operation and your maintenance agreement ensures that the appropriate service intervals are scheduled. It also gives you priority response should you need an engineer at any other time.

As a contract customer, you get 24-hour cover for you monitored systems as well as having an engineer respond to your call within an agreed time, and you will be charged at a significantly lower hourly rate than non-contract customers.

Finally, and most importantly, a FIS Integrated Solutions Maintenance Contract will help keep your security system in good working order and capable of operating at optimum performance.

#### What Guarantee is Provided with the System?

New equipment is guaranteed against faulty material or workmanship for one year after installation. Any breakdowns or faults occurring within this period will be rectified free of charge, except for the replacement of consumable items (cards, printer materials, lamps and fuses). Please see our dedicated "what constitutes a maintenance visit" info sheet

#### What is included in the Annual Charge?

FIS Integrated Solutions have contracted to visit your premises an agreed number of times each year to carry out preventative maintenance checks on your system and make appropriate recommendations about system management to help extend its life and reduce the possibility of system malfunctions.

This charge covers all the planned visits due each year but does not normally include the cost of emergency visits and parts replaced outside the warranty period unless specifically contracted by us. Please see our dedicated "what constitutes a maintenance visit" info sheet.

#### How quickly will a service call out be attended?

FIS Integrated Solutions engineering team are on call 24/7 and endeavor to respond to calls between 20-60 minutes our team will respond in fully stocked vehicles to attend to your service needs.

#### What are my contract commitments and how long do they last?

We offer a number of contract options and each service contract term will be explained at the point of sale. To ensure continuity of service, contracts will be 12 month automatically renewable at the end of the term unless you provide us with 90 days prior written notice.

Quotation Number: CC10655

#### **5: GENERAL NOTES:**

The area of protection provided by all movement detectors is to be demonstrated by the installer to the customer at the time of commissioning of the systems, and subsequently, following any replacement of the detector as a result of necessary service work.

The customer should avoid stacking goods too high or placing furniture or partitioning in front of or close to electronic detection devices as this will reduce the likelihood of detection.

It is the customer's responsibility to check the coverage afforded by all detectors or cameras by means of regular `walk testing' checks between the service visits undertaken by the Company.

The correct operation of the movement detectors is dependent on various environment factors. It may be difficult to determine some of these factors prior to installation, and in order to prevent unnecessary false alarms the system will be subject to a minimum 14-day test period from the date of commissioning.

If your security system is designed to operate from an AC mains supply, in case of mains failure the 12-volt standby batteries will automatically take over the operation of the system for up to 8 hours. Should the system emit an alarm condition the battery standby time will be reduced.

For telecommunication systems the customer must arrange for a dedicated telephone new block terminal (which must be located adjacent to the control equipment). The customer must advise FIS when this work is complete and provide FIS with the telephone number of the existing telephone line. For remote viewing/operation of any security system a broadband connection with at least 2MB download will be required. Static IP address may be required and provided by the customer.

Before commencement of the installation, it will be the responsibility of the customer to provide a dedicated 230/250 volt AC unswitched, neon indicated mains power spur adjacent to the control equipment. It is recommended that an approved electrician installs this.

Should any alterations or additions to the Schedule of Protection be required during the course of the installation, it is in the customers interest to ensure that the customers insurance company approve of the modifications, where applicable. Any variations to this specification will be quoted on a pro-rata basis. If FIS are summoned to the site by the contractor, any waiting time or time spent on work other than that necessary to carry out the work detailed in this specification, will be charged at extra

All cabling has been costed as surface run and no allowance has been made for builders work or for any other making good which if required will be charged at extra cost. No containment system has been allowed for in our specification except where specifically stated.

Where cable is required to run across tarmac or concrete FIS would require a channel or trench to be provided with a suitable containment system in accordance with relevant building standards.

The customer is asked to advise a representative of FIS of the location of concealed water, gas, electricity, telephone or other services before work commences. In the absence of such advice FIS cannot accept liability for damage to these services or any consequential damage.

The quotation is based on the assumption that all parts of the system to be installed and serviced are safely accessible by ladder or steps. If scaffolding or other means of access are required, the customer shall provide it free of charge. If FIS has to supply it the customer shall pay FIS reasonable charges. The customers shall warrant that any scaffolding or other means provided will be safe when properly used.

The specification has been priced on the understanding that the Company's engineers will carry the work out between the hours of 9.00am to 5.00pm Monday to Friday excluding public holidays. Any alterations to the above times may be chargeable.

The Company will endeavor to conceal cables where possible although where impracticable the cables will be surface run. Only those e parts of the wiring required by the relevant British Standards to be protected will be enclosed in conduit/plastic trunking, or where specified.

A zone chart or site plan is not included with this quotation, unless otherwise stated.

However well a system is designed there can be no guarantee of audibility levels prior to installation and fitting out. Once the system is operating in its normal environmental conditions, audibility tests can be carried out, and additional sounders installed if required, This will be subject to a separate quotation.

FIS does not accept responsibility or any liability for the performance or reliability of equipment or wiring that has not been approved, supplied and/or installed by ourselves. If offering an extension or takeover of systems, it is assumed that the existing system is fully operational and serviced in accordance with the relevant British Standard, charges will incur to bring the system up to standard or to replace existing faulty equipment.

All CCTV systems require a minimum level of lighting to operate satisfactorily, unless specifically stated this specification does not allow for any changes to the existing lighting and any additional lighting or other equipment required, will result in additional cost.

Access points shall not conflict with fire regulations and shall not restrict exit in such a way as to endanger persons in an emergency. Access control hardware alone may not provide sufficient physical security.

If civils work requires the lifting and relaying of brick paviours to allow installation of the bases and induction loops, this is not included with this quotation. Induction loops are not designed for use by motor bikes or cycles, it is therefore recommended that motor bikes or cycles do not use the gate or barrier systems which incorporate induction loop control. FIS cannot accept liability for accidental damages to motor bikes, cycles or rider of the same.

When fitting traffic control gates or barriers, we will accept no liability for accidents to vehicles caused by following a vehicle under the barrier without operating the correct control function (i.e. tailgating).

A copy of these general notes are available in large text should you wish.

V6.0 2016

"CCTV" means closed circuit television;
"Charges" means all and any of the charges set out overleaf;
"initial Period" means three years from the Commissioning Date;
"Operative Date" means the date on which the services described in the Schedule are first
Commissioned;
"Premises" means the premises of the Customer at which the System is installed:
"Services" means the services (if any) described in the Schedule and includes inspection, whether
or not repairs are necessary;
"System" includes all and any equipment installed by FIS under this agreement.
"FIS" refers to FIS integrated solutions Ltd rum 08505768
System and Services
FIS will sell and the Customer will purchase the System subject to these terms and conditions.
FIS will install the System and provide to the Customer the Services described in the Schedule
for the Initial Period and thereafter until this agreement is terminated in accordance with
condition 7(a).

- 3. Charges
  a) The Charges are exclusive of value added tax.
  b) FIS may in respect of the second and subsequent years of this agreement vary the Annual Service Charge with effect from an anniversary of the Operative Date to cover any increase in the costs of providing the Services.
- In addition to the Charges the Customer shall be responsible for payment of the following:
  (i) installation and rental charges for connection facilities between the System and FIS's central

  - (i) installation and rental charges for connection facilities between the System and FIS's central station;
    (ii) false alarm assessments, taxes, fees or charges imposed by any government, police or other agency in respect of the installation or operation of the System or the provision of the Services:
    (iii) any increase in or additional charges to FIS for the provision or modification of telephone and other facilities required for the transmission of signals or imposed by any fire or police authority, local authority, telecommunications agency or other third party. Any such additional payments shall be made to the relevant supplier or agency or to FIS if billed by that supplier or agency to FIS. Additional charges at FIS's then applicable rates for labour and materials shall be payable by the Customer to FIS for Services provided in the following circumstances:
    (i) where the Schedule states that a charge will be made for the relevant Services and for all Services relating to window foil. any exterior mounted devices or PROM (Programmable Read Only Memory):
    (ii) where Services are provided outside the normal working hours referred to in condition 5(c):
    (iii) where Services are provided outside the normal working hours referred to in condition 5(c):
    (iii) where services are provided outside the normal working hours referred to in condition 5(c):
    (iv) where the Customer has failed to comply with its obligations under condition 5(a):
    (v) where the Customer has failed properly to follow operating instructions or to close or secure a window. door or other protected point, improperly adjusted CCTV or other equipment or components or has otherwise improperly used or tampered with the System:
    (v) where a false alarm has been caused or an unnecessary service call requested by the Customer, or where inspection, repairs or replacement & airs rendered necessary by an act or default of the Customer or its employees, clients, agents or l
- (d)

All Charges are due and payable in immediately available funds on receipt of invoice. Time of payment is of the essence. On failing to make full and prompt payment the Customer shall (without prejudice to any other rights of FIS become liable to pay to FIS daily interest on the amount due at Eight (8) per cent per annum above the base rate calculated from the date of due payment until the date of actual payment.

- - (i) the provision and maintenance of dedicated and clean 24OV AC power supply located with the control and any secondary control equipment, the mains supply to all parts of the System to be fed from the same phase
  - the operation of bypass or switch units provided for the disconnection and reconnection of alarm sounding and/or transmission equipment at the Premises: where CCTV equipment is provided, the provision of a 240VAC power supply where required,
  - shelf or desk space for monitors and adequate illumination under all operational conditions for
- (b)
- (c)
- shelf or desk space for monitors and adequate illumination under all operational conditions for the proper operation of such equipment:

  (iv) where the System is connected to any equipment or device not provided by FIS the provision of all relays or other facilities required for the connection

  The Customer shall provide to FIS and any relevant police or fire authority full details of all keyholders and shall notify any changes to those details in writing before or immediately after those changes take effect.

  Except as provided in the Schedule, Services will be provided by FIS during its normal working hours (9.00am to 5.30pm Monday to Friday except public holidays). The Customer shall ensure that FIS has full and free access to the equipment for the purpose of providing the Services. Where any Services to be provided by FIS require approval by any fire or police authority, the provision by FIS of those Services is conditional on the Customer being approved by the relevant authority, entering into any agreement required by that authority and complying with the requirements of that authority in force from time to time.

  Where the Services include inspection of the System, the Customer shall contact FIS to arrange a mutually convenient time for each inspection to take place and shall ensure that FIS has access to the Premises for this purpose (d)
- (e)

- Property
  The System remains the properly of FIS notwithstanding its delivery and installation until the purchase and installation Charge has been paid in full. Pending the passing of property, the Customer shall be the bailee of the System for FIS and shall not dispose of, charge or encumber the System. If the Customer fails to make any payment under this agreement when due, FIS may (without prejudice to any other rights it may have) repossess the System without notice and without any obligation to make good the Premises. Telecoms or other rented equipment remains the property of FIS and is to be returned upon termination. This includes any monitoring equipment located at the premises i.e BT RedCare STUs

#### 7. Termination

- rmination
  This agreement may be terminated by either party at the end of the Initial Period or on any subsequent anniversary of the initial period by not less than 90 days written notice expiring on the relevant anniversary. Should the required notice not be received then the contract will renew for a further 12 Months and the relevant notice period will again apply.

  Should the customer give notice of cancelation prior to the end of the initial period & indicated the services are no longer required then full payment to the contract end becomes due within 7 days. This agreement may be terminated by FIS in any of the following circumstances:

  (i) If FIS s central station or the System is destroyed or so substantially damaged that it is
- - impracticable to continue to provide the Services: or

- if FIS is unable either to secure or to retain the telecommunications facilities necessary for the transmission of alarm signals between any of the Premises, FIS's central station and any fire police or other agency.

  If this agreement is terminated under this paragraph, FIS will refund to the Customer the relevant proportion of any Charges paid in advance but shall have no other liability to the Customer. Is agreement may be terminated by FIS if the Customer fails to pay any Charges in accordance with condition 4 or otherwise breaches this agreement and the breach, if remediable and previously notified to FIS is not remedied within seven days or if the Customer becomes insolvent or enters into any kind of composition, scheme of arrangement or compromise for the benefit of its creditors or permits or suffers any process of execution or distress to be levied on the Premises or (if an individual) dies or becomes bankrupt or is the subject of a receiving order or administration order or (if a partnership) is dissolved or (if a company) has an order made or passes a resolution for winding up or is dissolved or has an administration or or other receiver of any of its assets or an administration order made against it: or if the Customer fails to follow any recommendations made by FIS for the repair or replacement of defective or obsolete parts of the System or for repairs to the Premises which FIS considers necessary for the stable operation of, or to prevent unnecessary damage to the System: or

  - System: or (iv) if the Customer's failure properly to follow operating instructions results in an undue number of false alarms: or (v) if the Premises are altered in such a way that it is impracticable to continue to provide the

  - Services.

    (vi) If the customer acts in such a way that may be deemed as damaging to our company.

#### 8. Warranty

- Arranty
  FIS warrants that, subject to paragraph (b), if any part of the System (including wiring) is defective as to material or workmanship, FIS will make good the defect without charge by repair or (at FIS's discretion) replacement, provided that the defect is notified to FIS as soon as the Customer becomes aware of the defect and in any event within one year (or, in the case of CCTV cameras and monitor tubes, 90 days) of the Operative Date.

  The warranty in paragraph (a) does not apply to defects caused wholly or partly by any of the following:

  (i) accident, act of God, wilful default, improper use of the System or failure by the Customer property to follow operating instructions:
- - accident, act or God, willut default, improper use of the system or failure by the Customer properly to follow operating instructions: misalignment of CCTV cameras, improper adjustment of monitor brightness and contrast tuning dials or failure by the Customer to comply with its obligations under condition 5(a). the failure of consumable items with a finite life linked to usage including (without limitation) infra red, halogen and other lamps, batteries, video recording heads and (except as regards any defect notified to FIS within 90 days of the Operative Date) CCTV cameras and monitor tubes:

- tubes;

  (iv) misalignment or tampering with computer monitors, keyboards or micro-processors or the use of unauthorised disks or software.

  The Customer acknowledges that no warranty is given by FIS that the System or the Services will prevent any occurrence which they are designed to detect, and that FIS shall not be liable for any loss or damage consequential on any such occurrence. The Charges are based solely on the value of the Services and are unrelated to the value of property located at the Premises. Insurance, if any, shall be obtained by the Customer.

  The Customer further acknowledges that the System may not be compatible with, other receiving equipment and that FIS is under no obligation to maintain, repair, service, replace, operate or assure the operation of any equipment or device not provided by FIS to which the System is connected or whereby the connection is made.

  FIS's obligations and liabilities to the Customer arising out of or in connection with the System and the Services shall be limited to those expressly set out in these terms and conditions and those which are implied or imposed by law but only to the extent that by law they cannot be, limited, restricted or excluded. The Customer acknowledges that this is reasonable and is reflected in the Charges.

  Subject to paragraph (e):

  (i) FIS accepts no liability for delays in installation of the System or for delays or interruptions in
- - (i) FIS accepts no liability for delays in installation of the System or for delays or interruptions in FIS accepts no liability for delays in installation of the System or for delays or interruptions in the provision of Services and may terminate or suspend services for any period without liability for any resulting loss if provision of the Services is in any way adversely affected by any act or default on the pall of the Customer of any third party, or any Act of God, war, civil commotion, strike, industrial action, fire or flood, or any other cause which FIS could not reasonably have been expected to prevent:

  - FIG's liability for any defective equipment shall be limited to the terms of the warranty in paragraph (a): and the liability of FIS and its employees and agents for any loss. injury or damage of any nature relating to the System and the Services, whether direct or consequential, and whether arising in contract, toil, negligence, at common law, by statute or otherwise shall be limited to the greater of 10 per cent of the Annual Service Charge and £200.

#### Indemnity by the Customer

Subject to and without limiting condition 8. the Customer shall be solely responsible for and shall keep FIS indemnified against all liabilities. claims and expenses incurred by FIS in relation to the use of the System by the Customer or any other person other than in strict accordance with operating instructions provided by FIS

Assignment
FIS may freely and successively assign this agreement or any rights under it and may perform any
of its obligations through nominated sub-contractors. The Customer shall not assign this agreement
or any rights under it without the prior written consent of a director of FIS

- (b)
- (c)
- General

  This agreement, which incorporates these terms and conditions and the Schedule. constitutes the whole agreement between the Customer and FIS and overrides any other representations, terms and conditions in any document, advertisement or other communications used by the Customer in concluding the contract with FIS

  No purported alteration to these printed terms and conditions is effective unless initialled by a director of FIS

  FIS's rights shall not be prejudiced or restricted by any concession, indulgence or forbearance extended to the Customer and no waiver by FIS in respect of any breach shall operate as a waiver in respect of any other or subsequent broach.

  The complete or partial invalidity or unenforceability of any provision of these terms and conditions for any purpose shall in no way affect the validity or enforceability of that provision for any other purpose or the remaining provisions. Any such provision shall be deemed to be severed for that purpose subject to such consequential modification as may be necessary for the purpose of that severance.
- (e) FIS may make any reasonable variation to these terms and conditions on giving notice to the
- The Customer is a partnership or consists of more than one individual, the obligations of the Customer under this agreement are joint and several.
- The headings used in these terms and conditions are for convenience only and do not affect its construction.
- This agreement is governed by English law.

## Wonderland Town Council

ADOPTED BY COUNCIL

Date to be inserted (???? review)

## **Complaints Procedure**

#### **Complaints Procedure**

#### 1. The Importance of Complaints

- 1.1 Complaints are valuable because they provide a chance to put things right if there has been an error, and to make sure that the same mistake is not repeated.
- 1.2 It is essential that complaints are dealt with positively. The Town Council is anxious to hear people's comments and is committed to making full use of complaints information to contribute to continuous service improvement. Important information about areas for improvement can be obtained both from a single complaint and from patterns of complaints, highlighted by detailed monitoring.

#### 2. Definition of A Complaint

2.1 A complaint is any expression of dissatisfaction, however made, about the standard of service, actions or lack of action by the Town Council or its staff which affects an individual customer or group of customers.

#### 2.2 What the complaints procedure will deal with: -

The complaints procedure will deal with matters of maladministration, which is if the Town Council does something the wrong way, fails to do something it should do or does something it should not do. Some examples include:

- neglect or unjustified delay
- malice, bias, or unfair discrimination
- failure to tell people their rights
- failure to provide advice or information when reasonably requested
- providing misleading or inaccurate advice
- inefficiency, ineffectiveness, bad and unprofessional practice or conduct.

#### 2.3 What the complaints procedure will not deal with: -

- complaints for which there is a legal remedy or where legal proceedings already exist.
- complaints about employment matters the Town Council operates alternative procedures to deal with grievances or disciplinary matters against staff.

#### 3. Equal Opportunities

3.1 The Town Council is committed to equal opportunities. Complaints feedback will be used to highlight discriminatory practices, and to promote equality of opportunity.

3.2 Complaints by members of the public of discrimination and/or harassment against the Town Council will be dealt with through the complaints procedure unless it is a complaint that should be dealt with through a statutory procedure.

#### 4. Complaints Officer

- 4.1 The Complaints Officer for the Town Council is the Town Clerk. Their main duties are:
  - (i) The day to day operation and management of the procedure, including providing a reference point for staff queries on informal complaints.
  - (ii) To oversee, and undertake where necessary, the investigation of formal complaints at the first stage, within the relevant time scales.
  - (iii) To maintain a record of all complaints received including details of the nature of the complaint, action taken, outcome, and time taken to resolve.
  - (iv) To identify improvement points arising from any complaints.
  - (v) To identify staff training issues.

#### 5. Stages of The Procedure

5.1 The stages of the procedure are designed to provide the complainant with a thorough and fair means of redress and to provide a framework for officers to work within. However, there may be occasions when a complainant makes an approach in a different manner and it is important that the procedure does not in itself become a barrier to effective communication.

#### 5.2 Everyday problems, queries and comments

The Council receives queries, problems and comments as part of its day to day running, and they should not all be regarded as complaints. These are routine and expected and are generally resolved quickly to the customer's satisfaction.

If someone is dissatisfied with the original service or response they received and wishes to take the matter further then the issue should be recognised as a complaint.

#### 5.3 **Informal Complaint**

During the course of daily business, minor complaints are made to officers about the services we provide. These will usually be dealt with by the relevant officer as appropriate. It is not appropriate for every comment to be treated as a formal complaint. Every effort should be made to deal with these problems immediately, either by providing information, instigating the appropriate action or explaining a decision.

#### 5.4 Formal Complaint (First Stage)

A customer may wish to make a formal complaint directly, or may be unsatisfied with the outcome of an informal complaint and may wish to take the matter further. This will be recorded as a complaint and passed to the Town Clerk to investigate.

If the complainant remains unsatisfied with the response, they should be informed of their right to take the matter further.

#### **Timescales**

Acknowledgement - by return of post
Investigation completed - 14 days
or Progress Reports Issued - 14 day intervals
Investigating Officer: Town Clerk

#### 5.5 Review of Investigation and Complaint (Second Stage)

If the complainant is not satisfied with the Town Clerk's response, they should be advised of their right to have the complaint referred to the Councillors' Panel who will review the complaint.

#### **Timescales**

Response by the Town Clerk - 14 days

Panel (if thought necessary) - Convened within 14 days

Review completed - 14 days thereafter

Investigating Officer: Town Clerk

#### 5.6 **Councillors' Panel**

If the issue still remains unresolved, the complainant should be notified of his or her right to have the matter referred to a panel consisting of the Mayor (or the Deputy Mayor if the complaint refers to the Mayor), and two other Councillors appointed by the Council who have not had previous involvement with the complaint or are referred to in the complaint. There will also be a note-taker, nominated by the panel, who will also not have had previous involvement in the complaint.

The outcome of all formal complaints dealt with by the panel will be advised to the Council.

#### 5.7 Unreasonable and Vexatious Complaints

There will be circumstances when a complainant persists in wishing to pursue a complaint when it clearly has no reasonable basis, or when the Council has already taken reasonable action in response, or where some other process, whether through the courts or some other recognised procedure, should or has been taken.

These matters should be referred to the Town Clerk with a summary of the issues and of the attempts made to resolve the complaint. They may, in such circumstances, decide that no further action can usefully be taken in response to the complainant, and inform the complainant so, making it clear that only new and substantive issues will merit a response.

#### 5.8 **Anonymous Complaints**

Anonymous complaints should be referred to the Town Clerk, and may be acted on at his discretion, according to the type and seriousness of the allegation.

#### 6 Resolution and Remedies

The aim in dealing with all complaints is to reach a resolution or remedy that satisfies the complainant, whether it is the remedy they were originally seeking or not. Where a complaint is found to be at all justified, consideration may need to be given to the question of an appropriate remedy. An explanation or an apology will always be needed.

## ADVICE NOTE: Complaints Handling and Model Complaints Procedure

Clear guidance on handling complaints has been produced by the Local Government Ombudsman and can be accessed from the publications page of the LGO website (<a href="www.lgo.org.uk">www.lgo.org.uk</a>). Although directed at principal councils in England, parish and community councils may also find this guidance helpful. In addition, the Public Services Ombudsman for Wales has published general guidance (including *Principles of Good Administration* and *Principles for Remedy*).

It is important that the council's response to a complaint is "proportionate and timely". The LGO guidance for principal councils suggests that most complaints should be resolved within twelve weeks of receipt of the complaint. In many cases, resolution may be possible within a much shorter timescale. Often an acknowledgement that something has gone wrong and an apology are all that the complainant wants.

Not all complaints are justified or well-founded. Sometimes councils may find themselves being called upon to respond repeatedly to an individual or group of individuals where that council has already investigated the matter under complaint (or something very similar) and has concluded that the complaint is without substance. In these cases, the LGO's 'Guidance note on management of unreasonable complainant behaviour' offers useful suggestions for the approach which may be taken and is readily applied to first-tier councils.

The following text forms the basis for a model complaints procedure which can be adapted by parish and community councils to suit their own particular circumstances. All complaints policies require regular reviews and a review every two years might be thought suitable. This enables the council to take account of structural and legal changes such as changes to the standards regime in England brought about by the coming into force of provisions in the Localism Act 2011.

# [Insert Name of Parish or Community Council] Complaints Procedure Adopted on [insert date]

- 1. \*\*\*\*\*\* Parish / Community Council is committed to providing a quality service for the benefit of the people who live or work in its area or are visitors to the locality. If you are dissatisfied with the standard of service you have received from this council, or are unhappy about an action or lack of action by this council, this Complaints Procedure sets out how you may complain to the council and how we shall try to resolve your complaint.
- 2. This Complaints Procedure applies to complaints about council administration and procedures and may include complaints about how council employees have dealt with your concerns.
- 3. This Complaints Procedure does not apply to:

© Copyright 2019

SLCC Members may use and adapt these documents within their own councils on the understanding that the copyright remains with the SLCC.

- 3.1. complaints by one council employee against another council employee, or between a council employee and the council as employer. These matters are dealt with under the council's disciplinary and grievance procedures.
- 3.2. complaints against councillors. Complaints against councillors are covered by the Code of Conduct for Members adopted by the Council on [insert date] and, if a complaint against a councillor is received by the council, it will be referred to the Standards Committee of [insert the name of the principal] Council. Further information on the process of dealing with complaints against councillors may be obtained from the Monitoring Officer of [insert the name of the principal] Council.
- 4. The appropriate time for influencing Council decision-making is by raising your concerns before the Council debates and votes on a matter. You may do this by writing to the Council in advance of the meeting at which the item is to be discussed. There may also be the opportunity to raise your concerns in the public participation section of Council meetings. If you are unhappy with a Council decision, you may raise your concerns with the Council, but Standing Orders prevent the Council from re-opening issues for six months from the date of the decision, unless there are exceptional grounds to consider this necessary and the special process set out in the Standing Orders is followed.
- 5. You may make your complaint about the council's procedures or administration to the Clerk. You may do this in person, by phone, or by writing to or emailing the Clerk. The addresses and numbers are set out below.
- 6. Wherever possible, the Clerk will try to resolve your complaint immediately. If this is not possible, the Clerk will normally try to acknowledge your complaint within five working days.
- 7. If you do not wish to report your complaint to the Clerk, you may make your complaint directly to the Chairman of the Council who will report your complaint to the Complaints Committee of the Council [or whichever committee has this responsibility] or to the Council (as appropriate).
- 8. The Clerk or the Complaints Committee of the Council or the Council (as appropriate) will investigate each complaint, obtaining further information as necessary from you and/or from staff or members of the Council.
- 9. The Clerk or the Chairman of the Council will notify you within 20 working days of the outcome of your complaint and of what action (if any) the Council proposes to take as a result of your complaint. (In exceptional cases the twenty working days timescale may have to be extended. If it is, you will be kept informed.)
- 10. If you are dissatisfied with the response to your complaint, you may ask for your complaint to be referred to the Complaints Committee of the Parish / Community Council or to the full Council (as appropriate) and (usually within eight weeks) you will be notified in writing of the outcome of the review of your original complaint.

This model document is intended as an example only. Councils Will need to consider the content carefully and adapt it to meet Their individual circumstances.
